

BMW Club Oxford Section – SERV OBN Blood Bikes

Uffington Village Hall - Speaker

14.00 Sunday 26th February, 2017

Kamran Irani will be speaking about this year's official Oxford section charity SERV OBN Blood Bikes:-

This is what's it all about:

Throughout the Oxfordshire, Buckinghamshire, Berkshire & Northamptonshire region

We receive no government funding for the life saving service we provide and rely solely on the generous donations from members of the public, corporate sponsorship and fund raising activities

Our charity is run by volunteers who give up their time to enable us to continue to provide our vital service

Sick or Premature Babies are at risk of suffering from a fatal bowel condition; Donated breast milk can increase their chances of survival by a factor of 10

SERV OBN may be run by volunteers, but we pride ourselves on the fact we provide a professional service, all our volunteers are trained to a very high standard and we continually monitor our activities to ensure we maintain those standards.

The fact our service is FREE is just the icing on the cake

...Save the date."

All our riders & drivers are trained to an advanced standard and undergo rider/driver risk assessments, they are also trained in the handling of blood & blood products and biological samples.

Many have also been trained in F.P.O.S. (First Person on Scene), this proved very useful recently during a training run when some of our riders were able to put their F.P.O.S. training into practice after witnessing a collision between a bike and a car, The riders quickly made the scene safe, tended to the casualty and assisted the emergency services upon their arrival.
